JsonRPC, Rest API, HTML, CSS, JavaScript, ASP.Net MVC, XML

Database

MySQL, Microsoft SQL Server, PostgreSQL, A5SQL

Application Sever/ Web Sever

FileZilla, SmarTTY, WinScp (SFTP)

Version Control

Git Hub, Git Bash, SVN

IDE

PyCharm, Visual Studio Code, Visual Studio, Notepad++, Postman

API Development

JsonRPC, RestAPI

Designing Tools

Canva, Figma

DIPLOMA AND CERTIFICATION

KMD Institute (KMD) Diploma   July 2018

- Higher National Diploma in Computing: Software Development

KMD Institute (KMD) Certificate   July 2018

- Scottish Qualifications Authority (SQA)

ADDITIONAL INFORMATION

Expected Salary

- 3400 - 4000 SGD

Date of Availability

- Immediate

Expected Position

- Software Engineer
- Web Developer
- Odoo Backend Developer
- Backend Developer

Personal Details

- Date of Birth: 30 May 2000
- Nationality: Myanmar
- Total Experience: 3 Years and above
- Current Location: Singapore
- Visa Status: Spass

Languages

- Fluent in English and Burmese
- Intermediate level in Japanese
